OLD MONARCH WHISKY

Spirits

Old Monarch Scotch Whisky was produced as a tribute to the iconic Monarch of the Glen, an oil-on-canvas painting from 1851 by Sir Edwin Landseer. Landseer was a member of the Royal Academy, a favourite of Queen Victoria. He received a national commission to paint a picture for the Refreshment Rooms at the House of Lords, and so produced his masterpiece.

Old Monarch is blended using the finest ingredients in an endeavour for the same majesty as Sir Landseer's work; we consider it our own Scottish masterpiece.

It is a richly flavoured, blended Scotch Whisky. The body, combining tastes of woody vanilla and sweet toffee, leads smoothly towards a long, warming finish. It can be enjoyed on its own, over ice or try it in one of our cocktail recipes.

Pardál is brewed using the soft water from Budvar's 10,000-year-old well. The renowned brewery, with a view to breaking the mould of typical Czech lager, formed a panel of three hundred consumers to define the character of the beer as well as the values of the brand.

Then it undergoes a 30-day maturation process making it an easy-drinking lager with a full mouthfeel and a bitter but well-balanced taste. BUDVAR CZECH LAGER

Beer & Cider

Every drop of Budweiser Budvar lager is slowly brewed in České Budějovice, or Budweis as it's known in German. This makes our beer a true Budweiser, literally a lager brewed in the city of Budweis (not like other beers that call themselves a Budweiser, but that's another story...).

So important is this Czech provenance, that Budweiser beer has Protected Geographical Indication status in the European Union, like Champagne or Cognac, meaning it's illegal to produce it anywhere else.

Budweiser Budvar is proudly owned by the Czech Republic, a nation universally renowned for the quality of its beer. Our beer is a product of the country's diverse geography and geology, its fertile soils and perfect climate. So it's made using the best ingredients in the world. Rare and rich aromatic hops from the Saaz region. Sweet barley from the plains of Moravia. Pure water from our ice age wells.

But being state-owned means more than just being about where you're from. It's also about our approach to brewing and the things we value. For us, that means acting like a country, not a corporation. Putting provenance over profit and brewing over business. Only then will we delight our nation of stakeholders.
